Candidacy Statement

Why would you like to serve on the Board of Directors?

I've lived here for three years and have watched our board change multiple times. For toy hat change I've seen our neighborhood grow in confusion and be underwhelmed by the lack of leadership and motivation amongst our Board of directors. I'd love to help implement positive change and give our neighborhood a sense of trust in what we can do as we work together with a common goal in mind.

Previous Board Position and/ or Experience:

Have not previously ran on a Board of Directors for a neighborhood but I have been in several groups in a professional setting that work in a similar manner, I'm confident in my ability to help add to the this group.

Any prior commitments that may prevent you from actively serving on the Board of Directors?

N/A

Association issues you feel need to be addressed in the coming year:

I think we need to build back a confidence and sense of trust in our board of directors. Our neighborhood can run much more effectively if we have everyone on board with the same mission of having a safe, clean and fun place to live!

Floor nominations and write-in candidates will not be allowed in the virtual format.
